ABOUT ME

I'm Abhilash, a passionate mobile app developer specializing in React Native and React JS. Two years ago, I transitioned from Flutter development to focus on crafting robust native applications. Now, I'm dedicated to leveraging React technologies to create innovative digital experiences.

WORK EXPERIENCE

React-Native Developer
@Picky Assist Pvt Lts | 2022 - 12 - 19 to Current | Full-Time

- During this period, I Worked on an Android/IOS App In React Native with Typescript and published it on their app store.
- This App Allowed Me to familiarize myself with some advanced features like React Bridge, Broadcast Receivers, Services, Telephony Manager, File Handling, Notification, etc.

React-Native Developer
@WebSoulLabs Pvt Lts | 2022 - 9 - 6 to 2022 - 12 - 15 | Internship

- During this period, I worked as a React-Native Intern created various Apps, and learned deeply about React-Native.
- I had my first chance to act as a mobile app development lead developer on a team with React-native and NodeJS backend developers.

Assistant Graphic Designer
@Migobucks Pvt Lts | 2020 - 2 - 6 to 2020 - 3 - 6 | Part-Time

- During this period, I helped a company to re-design their web App and create a UI for their mobile App.

OTHER EXPERIENCE

Huddle's Top 100 Coders Finalist
@Huddle's Global Trivandrum | 2023-12-18

- This was my first-ever chance to participate in a Kerala-wide tech competition.
- During the competition got a chance to meet up with some influential figures and got selected to the Top 100 Coders.

Student Management Application - Flutter
@Nilgiri College | Bsc Computer science, Final-year Project.

- Currently Developing an application to manage student activity and guidelines.
- Got experience in the development, production, and testing of a full-scale application.
- Got Familiar with the Flutter framework and various Designing software.

Personal Project
GitHub: AbhilashTUofficial

- I have been investing more of my time in personal projects to improve my logical thinking and problem-solving skills. Visit my GitHub profile to view the projects I have worked on in the past.
